

## Helping Up On Top Kids Reach for the Stars!

Using the well know concept “Its takes a village to raise a child”, Up On Top has become a caring community of mothers and fathers, grandparents, teachers, friends, volunteers, financial supporters, businesses, corporations and religious institutions— all people of the village who share their cultural values, talents and support so the **children are able to reach up on top, catching the star that twinkles brightest for them.**

We at Up On Top are asking you to provide a legacy of support so the learning village of Up On Top can thrive, grow and continue into the future. We are requesting that you make a provision in your estate plan to support Up On Top through your:

Will  
Living Trust  
Retirement Plan or IRA Assets  
Charitable Remainder Trust  
Life Insurance Policy

***Other types of planned giving could be NOW; such as, current out-right gifts, real estate, artwork and appreciated securities: stocks, bonds and mutual funds. You may want to seek professional advice before making decisions.***

You do not need to be wealthy to make a valuable gift for the future. Thank you for your generous and thoughtful planning, providing a legacy of hope for the many children and their families Up On Top serves.
